Plan is missing values for many big-ticket items

1. Expansion of teacher prep programs and DRIVE Task Force recommendations
2. Teacher pay competitive with other professions
3. Eliminate wait list for child care subsidy

Potential Next Steps

1. Review plan to identify areas for improvement and missing items
 - Universal free school meals
 - Incentives for school integration
 - School discipline reform
 - Formal monitoring/improvement plan
2. Determine advocacy strategy for plan modifications
3. Continue monitoring developments with courts and budget process

Messaging Reminders

1. Plan represents bare minimum of what students are owed
 - Lawmakers can't pick & choose elements they like
 - Partners certainly encouraged to lift up elements, fight for more than plan provides
2. Plan is affordable
 - NC's funding effort ranks 49th
 - Invest in students instead of tax cuts
